

## **WORKSHOPS:**

Following the performance, after a break, Irene K. offers a workshop based on the choreography that children have just saw. Children are invited to be in dancers 'shoes and invent their own body language related to some actions of the performance.

Through this session, children experiment in a playful way how to move within time and space, on their own, as well as with others.

They will be discovering themselves and come to experience in what sense they both influence and are influenced by the group.

Number of children: 15 to 20 per group

Age: 5-8 years old

Time: 50 to 60 minutes

Location: Gym room

### **An even more exhaustive project...**

In addition to the workshop mentioned above, the Compagnie Irene K also offers an even more elaborate project, offering pupils/students an insight into what jobs or professions are linked to an artistic dance production: light creation, music, stage design and dance.

All 4 workshops last about 1 hour. They can be run in parallels. You should allow 3-4 days for this more elaborate project. The result could be a combination of all the different workshops – a presentation that could easily be part of a festival performance or a school fete.
